COLLEGE CLUB MEETING

Christmas and Belgian Relief Work Considered By Members.

The Christmas meeting of the College Club of St. Johnsbury was held on Saturday, December 12th from 3 to 4 p. m., at the home of Miss Jean Stanley, 32 Spring street. Thirty-five members were present and worked busily for the Red Cross relief work, making up bandages and surgical dressings, and knitting wristers, socks, and mufflers for the soldiers.

An interesting program of appropriate selections about Christmas was enjoyed by all. The origin of the Christmas tree, the Christmas card, and the Yule Log was given by Mrs. Bousfield; Bayard Taylor's

graphic description of a Christmas in Germany beginning December 5th with Nicholas day and lasting over New Year's was read by Miss Wilcox; Mrs. Heywood read "The Christmas Dinner at Bracebridge Hall" by Washington Irving; and Miss Holton presented Margaret Deland's very delightful essay on "Christmas Giving." The program was concluded by "Christmas Giving and Christmas Living" by Van Dyke and the distribution of Christmas cards to each member.

Mrs. Stanley and Miss Stanley then served delicious refreshments and the meeting adjourned to January 5th, 1915.

The 25 cent piece was made famous by the American Liver Tablets, the perfect laxative.

FARMERS' MEETING SATURDAY

Majority Want County Organization Sustained and Willing to Pay the Expense.

About 175 farmers were in attendance of the special meeting of the Caledonia County Farmers' Association at the St. Johnsbury House Saturday afternoon. Burke, Groton, Stannard and Wheelock were the only towns in the county that were not represented. President E. H. Hallett presided and said that at the meeting of the officers of the county unions held at Montpelier two weeks ago, it was reported that Caledonia county was in as good condition as any county in the state except Bennington county where the union has the aid of a county improvement association. He discussed various ways of raising funds and said that at the state meeting the idea of raising money to support the association on the grand list of each town was not deemed best. It was thought the work should be backed by the farmers and citizens of each county. He said they had accomplished all they expected to at the time they started.

Secretary A. W. Simpson was called on and said that at present there were 500 names on the membership list and about 80 of these were not farmers. They had added 60 new names during the present year but there are 150 members who have not paid their dues for this year. He expressed his appreciation of the publicity the county newspapers had given the cause.

Treasurer F. J. Babcock reported receipts expenditures of \$933.90 thus far this year and no money in the treasury. He said that expenses in some lines had been considerably less than last year.

A general discussion of matters followed in which J. W. Titcomb of Lyndonville said that he was not sure but that raising funds on the grand list would be a good thing. He gave the amounts each town would have to pay. He also said the association had found out that it was not obliged to send the county agent into towns failing to vote their share of the expense, except to members of the association who had called for him. W. A. Ricker thought every town in the county would vote one per cent of its grand list to support the organization and said he was ready to put in as much as any farmer himself. He asked how many of those present would be willing to pay \$2 dues a year and practically every farmer present rose. A. F. Lawrence said he would rather see the dues \$5 a year than \$2 and said a conservative estimate showed that the farmers in the county had saved \$4500 on fertilizer alone this year.

It was suggested that the association charge five per cent for doing this business for the farmers but the sentiment seemed to be against it. U. G. Goss said he was able to buy chemicals through the association for about \$3 less a ton than he would be obliged to pay as an individual. He said that fertilizer he had secured this year through the association for \$28 a ton, had given him better results than commercial fertilizer for which he paid \$55 a ton. He said a farmer could have his money spent for membership back many times over each year.

Harvey Burbank said he considered the farmers' association the most beneficial organization there had ever been in the three towns he was serving as union superintendent, and that it had awakened the farmers of that section very much. He would rather give \$5 a year than see the organization give up.

G. H. Kingsbury of Walden said he believed if the farmers knew how much money was needed to finish the work for this year they would contribute and Treasurer Babcock said that \$600 was needed. E. C. Goodrich said the farmers in his section had not seen so much of the agent as they wished and felt they had not received the benefits they might. Mr. Stimson said he had been there five times this summer and he would give any resident of Hardwick \$5 if he could show that he had written or asked for a visit and had not been answered or visited.

Mr. Martin said he would rather give \$10 a year than see the organization go down and was followed by a man who said he had lived in North Dakota and seen what J. J. Hill was doing in the way of demonstration farms there. He said that if a few farmers would put up an money necessary it would not be a year before the other fellows seeing the benefits they are getting would be clamoring to come in.

Harold B. Howe and several others spoke briefly and it was finally voted that the chair appoint three or more men in each town to make a canvass of their town to see what part of the funds necessary could be secured.

Harvey Burbank was named for Barnet, Messrs Adams, Coveny and McNaughton for Danville, Messrs. Goodrich, Perkins and Albee for Hardwick, Mr. Houghton for Kirby, Messrs Whipple, Simpson and Titcomb for Lyndon, L. O. Sleeper and Mr. Parks for Newark, Messrs Martin and Bailey for Peacham, Leslie Hall and Clarence Bedell for Kye-gate, W. A. Ricker for St. Johnsbury, Mr. Dunne for Sheffield, L. A. Tilton for Sutton, F. E. Cox for Walden and David Sutor for Waterford.

County Agent Stimpson is taking orders for next season's supply of chemicals and fertilizer and is working in the vicinity of West Burke Thursday and Friday.

Grateful to St. Johnsbury

The following letter has been received from William Firth, of the relief committee of Boston: "I am writing you because I can assure you that the clothing and food will be shipped on the very first steamer. That your committee are sending me some clothing, food, etc., for the suffering. Kindly convey my sincere thanks to all who have assisted in making this splendid collection. With sincerest regards, I remain

Very truly yours,

WILLIAM FIRTH.

RECENT DEATHS.

Truscott.

Mrs. Amanda M. Truscott, a resident of Stroudsburg, Pa., but who for the past six months has made her home with her daughter, Mrs. Samuel Hubert of Assigua avenue, died Wednesday morning from heart disease. Mrs. Truscott had been in poor health for sometime but the end came suddenly. Mr. and Mrs. Hulbert accompanied the remains to Stroudsburg, Pa., where the funeral was held Friday. Although Mrs. Truscott had been in St. Johnsbury but a short time, she had endeared herself to a wide circle of friends and will be much missed. She was 66 years old. Besides her daughter here, she is survived by her mother who is living in Stroudsburg, at the age of 89. She also has two brothers, Daniel Sayre of Springfield, Mass., and Mark Sayre of Bangor, Pa., and three sisters, Mrs. B. F. Dungan and Miss Marion Sayre of Stroudsburg, Pa., and Mrs. Sophia Featherman of St. Louis.

Guyer.

Mrs. Minnie Goodrich, wife of Willie Guyer, died at the home of her parents on the Danville road after a long and painful illness which she bore patiently. She leaves a husband who has been unceasing in his care, also two brothers, one of Boston and the other of St. Johnsbury. Her married life has been less than one year and most of that she has been in poor health. Services were held at the Catholic Church and she was laid to rest in the Catholic cemetery.

Metzger—Cross

News has been received of the quiet wedding of Anna Somerville Cross to Frank M. Metzger, in San Francisco, Cal., it being the culmination of a friendship which started on their cruise to Alaska. Mrs. Metzger is singing in the Trinity Episcopal Church, the first Episcopal parish of California. No cards.

SEEKING NEW QUARTERS

Selectmen Do Not Like Price For Town Clerk's Office—Post Office Wants More Room.

For many years the town and village have been paying \$250 a year for the office occupied by the town and village clerks and treasurer but the selectmen have been notified that the annual rental now is \$500 per year. The agent for the property has told Selectman A. F. Lawrence that they will rent the building for a term of five years for \$480 a year. Mr. Lawrence says he hates to have advances come in such large doses and the selectmen are seeking a new location for these offices. In their search they have found some other changes that are to be made soon.

J. E. King is to open his restaurant in the new store under the Globe theatre and the Twin State Gas and Electric Company is to move into the place vacated by Mr. King in the Pythian Building.

The government was ready to close a contract with the Y. M. C. A. for a lease of its building for a term of five years for use as a post office but the directors raised the price so high when they saw a prospect of making a trade that the deal is off. The government is now trying to rent some building that will give the postoffice sufficient room and that is centrally located for use as a post office until a federal building is ready for occupancy.

Observed Golden Wedding

Mr. and Mrs. Asahel F. Dean entertained a family party Thursday night in observance of their golden wedding anniversary. Supper was served and the evening given up to music, all the grandchildren being talented musicians and the son being being a well-known cornet player. During the evening, Mr. and Mrs. Dean were presented with a purse of gold. Mr. Dean is a native of St. Johnsbury and has spent his entire life here with the exception of three years at the front during the war. He was with the Eighth Vermont and is now a member of Chamberlain Post, No. 1, G. A. R. He was employed by E. and T. Fairbanks & Company for 53 years but is now retired from active work.

Mrs. Dean was Martha J. Knapp of Danville, daughter of Charles and Julia Harshorn Knapp, but has lived in St. Johnsbury since childhood. They were married at Littleton, N. H. Both Mr. and Mrs. Dean are members of the Second Advent Church here. They have one son, Herbert E. Dean; three grandchildren, Mrs. James Grady, Mrs. George Moulton and Gladys Dean, all of St. Johnsbury; and three great grandchildren, Harold and Herman Smith of Newport Center, and Marion Moulton. Other guests that evening were Mr. Dean's sister, Mrs. Eva Lawrence and Mrs. Dean's two sisters, Mrs. Huldah Harriman and Mrs. Joseph St. John.

Notice how much good reading The Caledonian offers for \$7.50 a year or \$5. a year.

TO PRISON FOR LIFE

(Continued from page 1)

evading the officers—that he is still unable to walk and was carried up and down stairs in the court house by the officers.

Alfred Stanhope and Albert Blake, alias Bert Martell, each pleaded guilty to an unlawful marriage and each was sentenced to from one to one and one-half years imprisonment at Windsor.

The jurors were excused for the term Tuesday morning and the cases on the divorce and court docket were taken up. It is probable the business of the term will be completed this week.

Annual Meeting

The annual meeting of the stockholders of the First National Bank of St. Johnsbury, Vt., for the election of a board of directors for the year ensuing, will be held at the office of said bank on THURSDAY, JANUARY 12, 1915, at two o'clock p. m.

HOMER E. SMITH, Cashier.

St. Johnsbury, Vt., Dec 9, 1914.

A Practical Christmas Present

If you want to give something useful, something that can be used every day and for many a day to come, look in our window and you will see a practical gift that will last forever

The Fairbanks Postal Scale

This scale indicates in cents by direct reading, the amount of postage required in different classes of mail matter. The revolving beam gives upon one side the postage for Letters, Books and Printed Matter, and upon the other side for Newspapers and Periodicals. The beam also indicates in pounds and ounces, increasing its utility for general purposes. This scale, with its handsome nickel finish, is an ornament to any desk. Unlike the spring postal scale, this scale is always accurate. We have it at three prices, according to capacity.

See also the handsome Bathroom Scale, with or without measuring rod.
